

Battery compartment

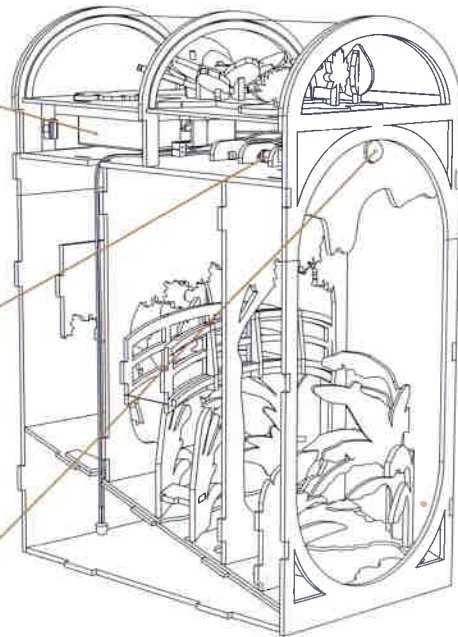

Three AA batteries are needed.

LED light

When someone comes near, the light will automatically turn on for 1~2 minutes, then turn off. If the person does not leave, it will light up again.

Temperature sensor

The sensing distance is about 0~2 meters, when the ambient temperature is close to the human body temperature, the sensing distance is shortened accordingly.

Instructions

WARNING

WARNING:

Not suitable for children under 14 years. For use under adult supervision. Contains some small parts which present a hazard. Read the instructions before use. Follow them and keep them for reference. Keep small children and animals away. Keep this set away from water, flame and open fire.

Battery Warning:

- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries
- Non-rechargeable batteries are not to be recharged
- Only batteries of the same or equivalent type as recommended are to be used
- Batteries are to be inserted with the correct polarity
- Remove batteries before storing
- Rechargeable batteries are only to be charged under adult supervision
- Dispose of batteries safely
- Do not dispose of this product in a fire. The batteries may explode or leak.

Attention:

1. Ensure you have all the parts listed below.
2. Do not push out the wooden pieces until they are required.
3. Follow the pictures and word description in the instructions.
4. Read and understand all instructions carefully before use and assembly/disassembly.
5. Repair with glue prepared by yourself if the wooden pieces broken.
6. There is a little different from several parts and the pictures on instruction, subject to parts number.

Tips:

1. Use sandpaper to polish the wooden piece nozzle position when push it out from wooden sheet.
2. For all the steps with a glue mark, apply an appropriate amount of glue to the area and stick the pieces together along the marking lines or surface of the piece. Leave it for 5 minutes to dry.
3. For loose assembly or falling pieces, use glue to strengthen. *Wait for dry to continue.*

Assembly guidance

Remove the plastic film.

Glue here

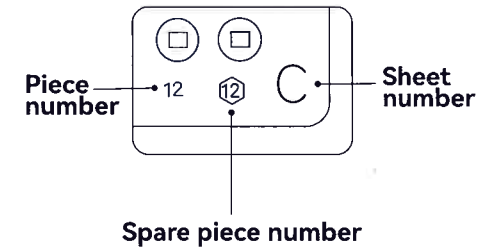

Special attention in assembly.
